- Power-driven hand tools
- Electrical industrial equipment
- Manufacturing plants
- Broadcast studio equipment
- Staging & entertainment equipment
- Fire-protection equipment
- Hospital/healthcare equipment
- Temporary taps at construction sites

Power Inlets and Covers

50 AMP Power Inlet Features

- 4-wire locking
- Soft Touch cap design
- Easy Lock™ system
- UL Listed

Part Number
6373EL-BRV

Part Number
6344EL-BRV

The 6373EL-BRV model also features:

- Solid cast 316 Stainless Steel
- Locking waterproof cap
- 4-way right angle rear safety enclosure

The 6344EL-BRV model also features:

- Corrosion proof, UV stabilized glass filled polyester construction
- Water tight cap
- 8-way right angle rear safety enclosure

30 AMP Power Inlet Features

- 3-wire locking
- Soft Touch cap design
- Easy Lock™ system
- UL Listed

Part Number
303SSEL-BRV

Part Number
304EL-BRV

The 303SSEL-BRV model also features:

- Solid cast 316 Stainless Steel
- Locking waterproof cap
- 4-way right angle rear safety enclosure

The 304EL-BRV model also features:

- Corrosion proof, UV stabilized glass filled polyester construction
- Water tight cap
- 8-way right angle rear safety enclosure

20 AMP Power Inlet Features

- Use with 20A straight blade extension cord
- Durable, corrosion resistant construction
- Easy to install
- Increases security
- Water tight cap
- Great for 5th wheels, trailers, and campers
- UL Listed, CSA Certified

Part Number 200BBI.RV

15 AMP Power Inlet Features

- Uses standard 3 prong household style plug
- Use with any standard extension cord
- Durable, corrosion resistant construction
- Easy to install
- Increases security
- Water tight cap
- Great for 5th wheels, trailers, and campers
- UL Listed, CSA Certified
