

CorrosionX®

Polar Wire Products is an authorized distributor for Corrosion Technologies.
For the complete line of CorrosionX® products, visit www.corrosionx.com

ORDER ONLINE

16 oz. Trigger Spray 91002
16 oz. Aerosol 90102
6 oz. Aerosol 90101
Gallon 94004

CorrosionX® stops and prevents corrosion and rust. A light spray on power heads, generator sets and engines two or three times a year keeps them looking like new—even in saltwater conditions. CorrosionX® lubricates under heavy loads and high temperatures, and penetrates quickly. Corroded or rusted nuts, bolts or fittings can usually be removed within a few minutes. CorrosionX® is nontoxic, non-carcinogenic, and nonflammable when not in aerosol form. The aerosol propellant is flammable.

Polar Bonding

CorrosionX® has the unique ability to “polar bond” to metal, like a magnet. This helps CorrosionX® creep through microscopic voids and over surface irregularities to penetrate between seized surfaces, where it softens rust and corrosion deposits to free up frozen parts. CorrosionX® not only stops rust and corrosion, it provides exceptional, long-lasting lubrication, better than even Teflon-fortified products.

The bearing on the left was treated with CorrosionX; the one on the right was left untreated. Both were sprayed with seawater every day for two weeks. Note the remarkable difference.

CorrosionX® Heavy Duty forms a dripless, non-hardening, self-healing film that stubbornly resists removal by splash or spray—even full saltwater immersion. It penetrates rust and corrosion, removes moisture, stops electrolysis, then seals.

12 oz. Aerosol 90104
Gallon 96004
5-Gallon 96005

CorrosionX® Aviation, a product of aerospace research and development, is a special blend of inhibitors, lubricants and surface-active agents. Stops and prevents rust and corrosion. Lubricates better than Teflon® products. Penetrates and loosens frozen parts faster than other products designed for that purpose.

16 oz. Trigger Spray 80103
16 oz. Aerosol 80102
Gallon 84004

ReJeX® advanced polymer treatment seals painted surfaces, metal, gel coat, glass and acrylic against bugs, bird droppings, exhaust stains, oil, grease, tar, and other grime. ReJeX® forms a long-lasting barrier that protects vehicle finishes and provides a lustrous shine.

12 oz. 61001
16 oz. 61002
Gallon 61004

MaxWax® is a tough, synthetic wax-based, resilient corrosion inhibitor barrier coating that provides long-term protection for metal surfaces. It forms a smooth, even coating and penetrates to stop rust and corrosion. Will not harden, crack or lose resiliency even in sub-zero temperatures and high heat.

12 oz. 77002

ReelX® is the perfect lubricant for fishing reels. It keeps reels lubricated and corrosion-free for maximum performance. ReelX® is used and recommended by prominent reel manufacturers.

1 oz. 77000

CorrosionX® for Guns cuts through stubborn bore deposits for better cleaning, and decreases fouling, even after hundreds of rounds. Lubricates mechanisms and prevents rust, even in wet weather. Ideal for semiautomatics and automatics.

4 oz. 50010
