

PowerPoles™ Stackable Connectors

ORDER ONLINE

30 AMP PowerPoles™ stacked and assembled in outer housings

- Modular, genderless design for simple assembly
- Single piece housings of impact-resistant polycarbonate are color coded and stackable
- Silver plated solid copper contacts
- Self cleaning contact design
- Integral stainless steel springs
- Flared and heat treated contact barrels readily accept fine stranded wire
- 600 Volt DC, -20°C to 105°C

-20°C TO 105°C

30 AMP Outer Housings

ORDER ONLINE

- High impact, corrosion resistant nylon
- Connects and disconnects easily
- Integral latches and cable clamps
- Accommodates two to eight 20 AMP maximum circuits

30 AMP Spacer Keys

Spacer keys square off a block of stacked 30 AMP connectors for use in outer housings

Female Part Number	Color

SY® Power Connectors

ORDER ONLINE

- Single-piece impact-resistant Polycarbonate Lexan® housings
- Superior tolerance to extreme cold or heat
- Tempered 301 stainless steel connector springs resist vibration arcing and ensure consistent, low resistance connections
- Unique “ramplock” action allows contacts to be easily mated yet securely locked in position
- Self cleaning design keeps conductive surfaces corrosion-free
- Solid copper contacts are plated with 99.9% pure silver for superior connection and maximum conductivity with low resistance
- Heat-treated, flared barrels readily accept fine stranded wire
